

Today South Africans face a period of uncertainty, where our everyday life will undergo a drastic change. Daily routine, as we know it, will have new rules, new practices and new challenges, particularly during this lockdown phase of 21 days. We, at Buchner Group would like you, our client to know that we're thinking about you and wishing you harmony and peace in your homes at this time, as you transition and adjust to a new challenge. This can be tough, especially for those with small children at home, as you adjust to separating business from family. We'd also like you to know that it's 'business-as-usual' for us, and we're accessible to you, as per normal. Debbie and Bonnie will be using VoIP phones at home, and should there be problems with getting hold of them, you're welcome to get hold of Ludwig, whose phone is always with him. Should, for any reason, these two options fail, we're always reachable by email. Blessings to you and your families during lockdown SA.
